Financial Literacy for Kids

Module 4 Study Guide

Banks Keep Money Safe

This guide covers every lesson of the module, using only words and figures from the lessons themselves. Work through it after watching the lessons, then use the checklist at the end to test yourself.

Lesson 1: What Is a Bank, Really?

In this lesson: Hiding money at home is risky; Banks use big vaults for safety; Helpers write do

Key points

- Hiding money at home can be risky
- Banks keep coins safe in strong vaults
- Helpers write down every coin you save

Examples from the lesson

- This lesson teaches its ideas through the story — see the key points above.

Hero mission (try it with a parent)

Today, go to a grown-up you trust. Ask them to show you one safe spot where your family keeps important things. Draw a picture of that safe spot in your notebook!

Lesson 2: Your Very Own Account

In this lesson: Learn what a savings account is; See how money goes in and out; Open an accou

Key points

- A savings account keeps money safe
- Money goes in as deposit and out as withdrawal
- Open account with a parent and watch it grow

Examples from the lesson

- This lesson teaches its ideas through the story — see the key points above.

Hero mission (try it with a parent)

for today.

Lesson 3: Cards Are Keys, Not Magic

In this lesson: Cards are not magic wands; A card is a key to your bank vault; Keep your secret

Key points

- Cards are keys, not magic wands
- Cards unlock your own money in the bank
- Never share your secret PIN with anyone

Examples from the lesson

- This lesson teaches its ideas through the story — see the key points above.

Hero mission (try it with a parent)

for today! Go on a card hunt with a parent. Ask them to show you their bank card. Look closely at the shiny plastic together, but remember: never ask for their secret PIN! Ask them to tell you one thing their card key unlocked this week. You did awesome today, heroes! See you next time!

Recap checklist — can you say each one?

Lesson 1: What Is a Bank, Really?

- ☐ Hiding money at home can be risky
- ☐ Banks keep coins safe in strong vaults
- ☐ Helpers write down every coin you save

Lesson 2: Your Very Own Account

- ☐ A savings account keeps money safe
- ☐ Money goes in as deposit and out as withdrawal
- ☐ Open account with a parent and watch it grow

Lesson 3: Cards Are Keys, Not Magic

- ☐ Cards are keys, not magic wands
- ☐ Cards unlock your own money in the bank
- ☐ Never share your secret PIN with anyone
